SEND - What does that mean?

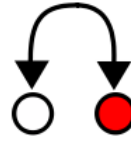

Special

Education

Needs

or

Disability

What is an Education Health and Care Plan? (EHC)

An EHC Plan is a legal paper that describes a

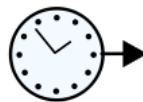

child or young person's special educational, health and

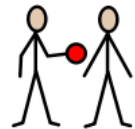

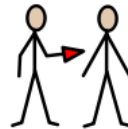

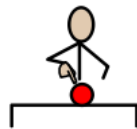

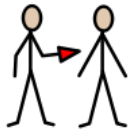

care

needs.

It explains the help that will be given to

support

you

to do

what

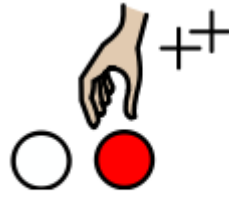

you

want to in

your

life.

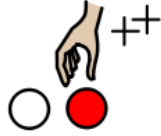

Making decisions:

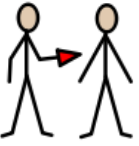

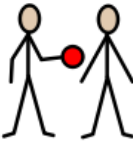

16

 If you are aged 16 or over, you will

 be the main person making decisions.

 You may need or want to ask your

 parents to help you make decisions.

  **16**   
If you are under 16, your parents will be

    
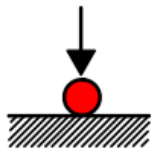

the main people making decisions about your

life.

     
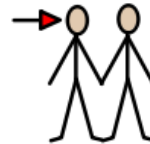

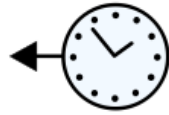

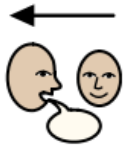

You should be asked to have your say

+      
and you may need support to help you

do this.

Here are some of the ideas that young people

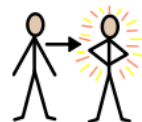

told us were important to them:

• Friends

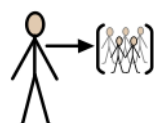

• Getting the support I need.

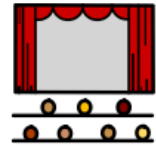

• Help me to become independent.

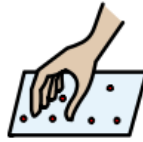

• Listen to me.

• Involve me and my parents.

• Explain what can be expected at each stage.

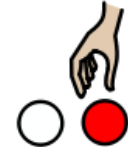

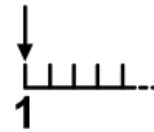

• Support me to choose.

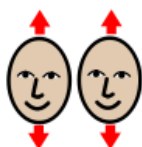

• Encourage me to have ambition or hope.

• Keep in contact.

• Be honest if I can't do my first choice.

• Accept who I am.
